

Good afternoon,

As we head into summer, we're continuing our work at the City of Seattle Office of Economic Development (OED) to support the small business community. Now we need to hear from you, Seattle's small business owners.

OED has created a brief survey to ask small business owners across the city what we can do to better support your success. This information will help us to prioritize our programs and services, as well as to inform pilot projects, such as the Legacy Business Program.

The survey contains 15 questions and should take less than ten minutes. You can only take the survey once. However, feel free to share it with other business owners who may not have had the opportunity to respond. The survey can be shared until it is closed on **July 15, 2018**.

We know that your time is limited and valuable, and very much appreciate your expertise in helping to frame our work and provide the most effective tools to support your small business as well as the larger small business community.

If you have any questions about the survey, please email Michael.Wells@seattle.gov or call **206-684-8612**.

Thank you for your participation. We look forward to hearing from you!
